A Time To Join Forces

Parent-To-Parent is a DVD-based program intended to give parents the tools they need to help protect thier children from getting involved in dangerous activities (drugs, sexual promiscuity, violence).

Brought to you by:

This is a collaborative, community effort to provide a network of Parent-To-Parent facilitator teams across Warren County. You have been selected for this opportunity because of your compassion for children and desire to promote a healthy future for our youth.

As a DVD-based program, it is very easy to implement. The facilitator simply plays the DVD and then facilitates follow-up discussion among the parents.

We hope that you will join us to provide this wonderful resource to the parents of Warren County and help lay the foundation for protecting our youth.
